DISSEMINATION

Beside conference talks, I have been invited to give seminars at the Department of Psychology (University of Padova, Italy), Laval University (Québec, Canada) and George Maison University (VA, USA). I was interviewed, together with Prof Peter Rendell for the Australian journal “**The Senior**” in November 2011. We presented how researches and prospective memory training. In 2014, I was interviewed by **FOCUS**, which is a popular Italian journal that promotes science where I presented my studies on the effects of emotional stimuli on time perception. I have participated at the **HORA “I Verbi del tempo” (24/02/ 2017)** and **The Brain Awareness Week March 2017** as invited speaker. “Hora” was a series of conference on time perception from a broad prospective (i.e. physics, psychology, anthropology etc.). I participated with a contribution titled: “*Investigating time perception in clinical population and using non-invasive brain stimulation techniques*”. The Brain Awareness Week (BAW) is the global campaign to increase public awareness of the progress and benefits of brain research. I gave a contribution titled: “*How emotions*

change our time perception". I was organiser of 2018 and 2019 editions of "**Notte dei Ricercatori**" in Padova. **20/02 – 03/04/2019 Lecturer for the course of Neuroscience** at "Fondazione Università adulti/anziani di Camisano Vicentino". Speaker at "**La scienza in un bicchiere**" with a contribution titled "Le trame del tempo: indagine neuropsicologica su come lo percepiamo". Speaker at "**UAAR**" together with the colleague Francesca Vidotto (physician at West Ontario University, Canada) with a contribution titles "Tempo oggettivo e tempo soggettivo: incontro tra fisica e psicologia del tempo".

SYMPOSIUM ORGANISED

07-09/10/2016 - Deficit di rappresentazione temporale e disturbi del neurosviluppo. XXV Congresso Nazionale AIRIPA, Pesaro, Italia.

Organisers: Mioni, G. & Di Nuovo, S.

Presentation Titled: Mioni, G., Santon, S; & Cornoldi, C. La percezione e l'uso del tempo in bambini con disturbo da deficit di attenzione/iperattività: Uno studio tramite un nuovo questionario.

20-22/09/2017 - Nuove frontiere della ricerca sul tempo. XXIII Congresso Nazionale AIP della Sezione Sperimentale, Bari, Itala.

Organisers: Mioni, G. & Cellini, N.

Presentation Titled: Mioni G., Grondin S. & Stablum F. Valutare il ruolo di diverse aree cerebrali nell'elaborazione di stimoli temporali attraverso l'utilizzo di tecniche di stimolazione non invasive

23-25/10/2017 - Listen to your Heart: Our Inner Perception and Experience of Time. 1st Conference of the Timing Research Forum: Strasbourg, France

Organisers: Cellini, N. & Mioni, G.

Presentation Titled: Cellini, N. & Mioni G. Cardiac activity modulates temporal perception.
